TORCHES TO FLAME AS
WILSON MEN PARADE

Return of President Tomorrow Will Not Disturb Plans for Procession.

Despite the return to Washington of President Wilson from New York tonight, no change will be made in plans for the parade and demonstration in his honor to be given by Democratic organizations of the city Thursday, according to a statement by Charles W. Darr last night.

Mr. Darr is president of the Wilson-McCormack Democratic Association and at the head of the executive committee of that organization which is arranging the parade.

The one thousand automobiles will be in the line of march, and that Pennsylvania avenue, from the Capitol to the White House, will be roped off, was announced. Cavalry troops from Virginia, Democratic organizations from Prince George and Montgomery Counties, Md., and unattached citizens from all parts of the two States were arranged for by the chairman, Chief Marshal Robert N. Harper has requested that all persons or organizations desiring to take part in the parade notify him by letter. Mr. Harper yesterday appointed Alvin G. Deit as his aide.

There will be twelve bands in the parade and the street corners on Pennsylvania avenue and along the line of march will be marked by barrel torches, with red, white and blue lights. Ten thousand torch lights have been ordered, and the different organizations will be appropriately uniformed.

Late reservations for space in the line were made by the Maryland and Virginia Democratic Clubs, Cherrydale and Hyattsville Democratic organizations, the Wilson Eight-Hour League, and an entire unit of colored veterans.

The Women's Wilson Union will have more than 500 women in line. The navy yard delegation of 3,000 marchers will have a number of electrical floats, and features already arranged are the march of "Miss Democracy," and the Democratic donkey leading a Republican elephant.

HELD UP AND ROBBED OF \$50.

Luther A. Acker, of 1127 Tenth street northwest, was held up at the point of a pistol by two highwaymen shortly after midnight and robbed of \$50.

Acker had just turned Tenth street into Massachusetts avenue when he was confronted by the thieves. One said "Hello, and I will shoot you," and the other went through his pockets while he was covered with his hands over his head.

Pedestrians frightened away the thieves and Acker chased the men as far as Ninth and I streets, but was unable to overtake them. He describes the men as about 30 years old and well-dressed.

KNOCKED DOWN BY AUTO.

With two ribs broken and his face badly lacerated, Bertram Herriman, 39, old, of 5803 Colorado avenue northwest, was taken to Emergency Hospital yesterday afternoon.

Herriman was riding his bicycle in Lamont street near Sixteenth street northwest when he collided with an automobile operated by Kenneth V. Reed, of 1647 Lamont street. He was taken to the hospital in Reed's car.

CLASSICAL CLUB MEETS.

The first meeting of the year of the Classical Club was held yesterday afternoon at Gunston Hall.

Rev. John F. Quirk, professor of philosophy, at Georgetown University, addressed the members, choosing for his topic, "A Virgilian of Renaissance."

The executive committee held a short meeting earlier in the afternoon to revise some of the rules of the club. Charles F. Smith is president.

CADET TRAINING MAY COUNT.

Recommendation will be made soon to the Board of Education to allow credit in the regular curriculum for work done by high school students in the cadet corps. It was announced yesterday by a member of the Board of Education.

The proposition is favored by President Van Schaick, who says that if properly worked out, the cadet corps training should be given appropriate credit with other subjects taught in high schools.

FUNERAL TOMORROW FOR
HEAD OF PARK DIVISION

The funeral of Truman Lanham, 78 years old and for thirty-one years superintendent of trees and parking for the District, who died Friday morning, will be conducted from his home at Lanham, Md., tomorrow afternoon. Interment will be at Whitford, Md.

A cold, contracted two weeks ago, is thought to have affected his heart, and his death followed a brief illness. He left Washington November 3 for a visit to his son.

Mr. Lanham superintended the planting of more than 100,000 trees now standing in parks in the District.

Mr. Lanham began his services for the District when the first parking department was organized and was appointed to the office April 1, 1888.

GEOMETRICAL DANCING
NEW FORM OF WRIGGLE

Methochie Is Its Name—Has "Cerebral Quality," Says Inventor.

New York, Nov. 11.—A bas. Salome, like the Egyptian and the Greek, is a wriggle, wriggle-hula maid, each of whom, it seems, took a lesson from Miss Hootchie-Kootchie—America is a new stage distance.

Methochie, or geometrical dancing, is its label and name. Valentine de St. Point is its exponent. She is now en route to New York on the Monsoon from Barcelona, Spain. The dancing which she will introduce has a "cerebral quality," which is explained thus: While music, painting and sculpture have changed in form and method, becoming more "cerebral," dancing has remained an art which appeals through the eye, to the sense alone.

In the new geometrical dancing all of the elements which fill the house when Mary Garden dances Salome are retained and artistry is introduced giving the movements meanings.

The dances are staged by Mme. de St. Point's own poems set to music by Debussy, Ravel and other composers. In some the garb is very light; in one, however, a coat of mail, with only slits for the eyes, is worn.

French General Heavy-weight.

Paris, Nov. 11.—Gen. Berthelot, now in command of Rumania's armies, is the fattest soldier in the service of France. He weighs 280 pounds and beside him Joffre looks thin.

Report Unusual U-Boat.

London, Nov. 11.—Fishermen at Hammerfest, North Norway, report a German submarine of unusual size has rounded the North Cape on its way to the Murman coast of Russian Lapland.

German Prince's Home Criticized.

Berlin, Nov. 11.—The German crown prince is the object of some adverse criticism because his new residence at Potsdam is unmistakably English Tudor design.

France Saves on Drugs.

Paris, Nov. 11.—By manufacturing its own drugs for the army instead of buying them, France has saved \$2,400,000 since the beginning of the war.

WILSON VOTE LARGEST EVER.

Million More Ballots Than Taft and Roosevelt Polled.

Secretary to the President Tumulty yesterday afternoon sent the following telegram to President Wilson at Williams-town, Mass.:

"More complete returns show that you have received the largest vote ever cast for a candidate for the Presidency. You have received nearly a million more votes than were cast for both Taft and Roosevelt in 1912. Your gain over 1912
